Subject: Draft language for Meeting Flyer
Attachments: 2020-07-10 Draft Riverside Flyer with seal.docx

Here it is. Where I have inserted copy about the site photo, AmyMarie suggests we use the shoreline photo from the inside cover of the CIP. We will have Paul format this with the design from the CIP so there is consistency and style and makes the flyer inviting. Confirming that EPA will do the Spanish translation of the flyer - again sorry for the deluge of stuff. FYI - AmyMarie and me are going to work with Josh on his presentation for the public meeting to make it more public-friendly and easier to follow for a non-technical audience. Adding pix as well. Hang in there and stay cool. If you need anything, give a yell. I'm here.
